Dear Sir:

**DECLARATION ESTABLISHING
PRIORITY INTEREST BY PERSON SIGNING
ON BEHALF OF AN OMITTED INVENTOR**

I, Michael T. Slataper, President of MTS Capital, Inc., General Partner, NCE Concepts, Ltd., 2150 Chennault, Carrollton, Texas 75006, am the person signing the Declaration for the above-identified application on behalf of the omitted joint inventor, Mr. Ralph M. Greene, and make this Declaration as to the facts establishing my proprietary interest.

As of the date I signed the Declaration for this Reissue Application the proprietary interest

in this invention belong to NCE Concepts, Ltd.

I establish this proprietary interest by attaching a copy of the Assignment from Mr. Greene for U.S. Application Serial No. 07/643,419, now U.S. Patent 5,203,267 to New Clear Energy, Inc. and the Assignment of all right, title, and interest in U.S. Patent 5,203,267 from New Clear Energy, Inc. to NCE Concepts, Ltd.

This Reissue Application was filed on April 19, 1995, to preserve the rights of NCE Concepts, Ltd. under 35 U.S.C. §251 before the expiration of the two-year deadline for broadening the scope of issued claims in U.S. Patent 5,203,267 under 35 U.S.C. § 251. Mr. Greene is no longer an employee of New Clear Energy, Inc. or NCE Concepts, Ltd. and was contacted by patent counsel for NCE Concepts, Ltd. and has declined to execute the Declaration for this Reissue Application.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under § 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.

PATENT ASSIGNMENT

WHEREAS, NEW CLEAR ENERGY, INC. (hereafter "Assignor"), a Texas corporation, having an address of 2150 Chenault, Carrollton, Texas 75006, is the sole and exclusive owner of all right, title and interest in and to the United States Letters Patent listed in Exhibit A attached hereto and to the inventions described and claimed therein; and

WHEREAS, NEW CLEAR ENERGY, INC. is the sole and exclusive owner and has the entire right, title and interest in and to the Applications for Patent in countries foreign to the United States listed in Exhibit B attached hereto and to the inventions described and claimed therein; and

WHEREAS, NCE CONCEPTS, LTD. (hereafter "Assignee"), a Texas limited partnership, with an address of 2150 Chenault, Carrollton, Texas 75006, desires to acquire all right, title and interest in and to the patents and patent applications, together with the inventions described therein;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor does hereby sell, assign, transfer and set over to Assignee, all right, title and interest in and to

(1) the patents listed in Exhibit A and the inventions described and claimed therein, as well as all continuations, divisions, continuations-in-part, reissues and extensions thereof, the same to be held and enjoyed by Assignee for its own use and enjoyment and for the use and enjoyment of its successors, assigns and other legal representatives, to the end of the term or terms for which such patents are or may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made;

(2) the patent applications listed in Exhibit B and the inventions described and claimed therein, as well as all continuations, divisions, continuations-in-part, reissues and extensions thereof, the same to be held and enjoyed by Assignee for its own use and enjoyment and for the use and enjoyment of its successors, assigns and other legal representatives, to the end of the term or terms for which such patents are or may be granted or reissued, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made;

(3) all claims for damages by reason of past infringement of such patents, with the right to sue for and collect the same for its own use and enjoyment and for the use and enjoyment of its successors, assigns and other legal representatives.

Assignor further agrees that it will, at any time upon request, execute and deliver any and all lawful papers that may be necessary or desirable to perfect the titles to such patents and patent applications, and the inventions described therein to Assignee and its successors, assigns or other legal representatives.

This Assignment shall be binding on the parties' successors, assigns and legal representatives.

IN WITNESS WHEREOF, Assignor hereby executes this Patent Assignment on this 19 day of October, 1994.

ASSIGNMENT

WHEREAS, We, the undersigned inventors, of residence as listed, having invented certain new and useful improvements as below entitled, for which application for United States Letters Patent has been filed January 22, 1991, Serial No. 07/643,419, the said application having been executed on the date set forth below; and

WHEREAS, NEW CLEAR ENERGY, INC., (hereinafter referred to as "Assignee"), a Texas corporation, with principal place of business at 1700 Coit Road, Suite 290, Plano, Texas 75075, is desirous of acquiring our entire right, title and interest in and to the invention, and in and to the said application and any Letters Patent that may issue thereon;

NOW, THEREFORE, for and in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, we do hereby sell, assign and transfer unto said Assignee, its successors, assigns and legal representatives the full and exclusive right, title and interest in and to said invention and in and to said application and all patents which may be granted therefor, and all divisions, reissues, substitutions, continuations, continuations-in-part and extensions thereof; and we hereby authorize and request the Commissioner of Patents and Trademarks to issue all patents for said invention, or patents resulting therefrom, insofar as our interest is concerned, to the said Assignee of our entire right, title and interest.

We also hereby sell and assign to said Assignee, its successors, assigns and legal representatives the full and exclusive right, title and interest to the invention disclosed in said application throughout the world, including the right to file applications and obtain patents, utility models, industrial models and designs for said invention in its own name throughout the world including all rights of priority, all rights to publish cautionary notices reserving ownership of said invention and all rights to register said invention in appropriate registries; and we further agree to execute any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith necessary to perfect such right, title and interest in Assignee, its successors, assigns and legal representatives.

We hereby further agree that we will communicate to said Assignee, or to its successors, assigns and legal representatives, any facts known to us respecting any improvements; and, at the expense of said Assignee, to testify in any legal proceedings, sign all lawful papers, execute all divisional, continuation, continuation-in-part, reissue and substitute applications, make lawful oaths, and generally do everything possible to vest title in said Assignee and to aid said Assignee, its successors, assigns and legal representatives to obtain and enforce proper protection for said invention in all countries.
